MENTORING
BY INDUSTRY
PROFESSIONALS

Studying at Coventry College enabled me to access fantastic equipment and understand the operations before heading out into the working world.

Will Harris,
Level 3 Diploma
Photography

DO YOU HAVE A PASSION FOR PHOTOGRAPHY? WOULD YOU LIKE TO LEARN MORE ABOUT PHOTOGRAPHY TECHNIQUES AND THE PHOTOGRAPHIC INDUSTRY?

Our photography programmes could be for you. You'll cover an incredible range of genres on our dynamic photography programme, including portrait, fashion, landscape, documentary, still life and experimental image making.

Get inspired by practical projects, tutorials and workshops and complete your programme with a unique portfolio.

FACILITIES

Success Story

HARRIET LEWIS

LEVEL 3 DIPLOMA PHOTOGRAPHY

Our learners entered a competition held by Meade Gallery at the University of Warwick in conjunction with their national 'Human Document' exhibition, first shown at MOMA in New York.

The exhibition centred around images showing human hardship during the Depression in USA 1935-1944. The images were captured by famous photographers Dorothea Lang and Walker Evans.

The competition was to create a photograph in the style of the exhibition to show modern day hardship. Harriet entered and won, her prize was a framed print from the exhibition by Dorothea Lang.

NATIONAL PHOTOGRAPHY COMPETITION WINNER

We support our learners in entering and competing in competitions... former learner Harriet Lewis won a National Photography Competition and her prize was a print by iconic photographer Dorothea Lange.

Simon Derry,
Photography lecturer

WILL HARRIS

STUDIED: LEVEL 3 DIPLOMA IN PHOTOGRAPHY

NOW: SENIOR TECH OP/ CAMERA OPERATOR MANOR PRODUCTION SERVICES/ NORTH ONE TELEVISION

Success Story

Will, from Rugby, joined Coventry College in 2010 to study Level 3 and 4 Photography, and is now a camera man and editing assistant at North One Television where he works on popular terrestrial TV shows such as the Gadget Show, Travel Man and the Great British Menu.

He also had a hand in the recent ITV show celebrating Captain Tom Moore – the former British Army veteran who raised millions of pounds for the NHS in the lead up to his 100th birthday.

Will said: "I joined the College when I was 26 after working in the insurance sector, but wanted to turn my photography hobby into a career. The course at Coventry College really helped me on my way to achieving that.

"If anything, my time at Coventry College proved to me that it is never too late to change your career if your heart is in it.

"I went on to Birmingham City University afterwards to study photography and visual communication, but it was at college where I really learnt the most, as I was able to pick up the technical skills from the teachers to operate high-end, professional equipment.

"Without doing the course at Coventry College I wouldn't be in the position I am today. It laid the foundations for me to progress to where I am now. I love my job – it's incredibly varied."

I chose Coventry College because it offered a great facility, along with fantastic lecturing staff.

TRIPS AND EVENTS:

Every year, for the past 15 years, we take our photography students on a residential trip as part of their course and to widen their experience.

During the trips the students undertake various photographic assignments exploring cultures, architecture and landscape of the chosen destination. And have fun!

In recent years we have visited **Budapest, Lisbon, Berlin, Barcelona** and **Prague**.
