

CONSTRUCTION & BUILDING SERVICES SHOWCASE

MAKE IT COVENTRY COLLEGE

Construction is one of the largest industrial sectors in the country and skilled workers are in high demand. Career opportunities are endless, and our programmes offer hands-on training to develop skills in plastering, plumbing, carpentry and bricklaying.

Learn traditional and specialist skills, alongside using new equipment, to get a taste of working in the construction industry.

FACILITIES & TRAINING

CONSTRUCTION FACILITIES

- ▶ Fully equipped workshop, in line with current industry standards.
- ▶ The latest safety demonstration kits for learners to use in practical assessments.
- ▶ Extensive range of hand tools and equipment available with all materials used to current regulations.
- ▶ Separate bays for learner installations with bench space available for all practice tasks.

BUILDING SERVICES FACILITIES

- ▶ Fully equipped workshop servicing, including dedicated areas for bathroom installation, radiators and all other plumbing installations.
- ▶ Extensive range of hand tools and equipment.
- ▶ Wide range of plumbing material including copper, plastic and steel tubing.
- ▶ Pipe bending and soldering equipment.

INCREASE BY **1.3% OVER THE**
NEXT FOUR YEARS.

Success Stories

CONSTRUCTION STUDENTS GET A GLIMPSE OF £25M CITY CENTRE DEVELOPMENT TO ENHANCE THEIR REAL-WORLD LEARNING

The team at Farrans Construction welcomed eight Electrical Installation students to Elliott's Yard, on London Road, Coventry, where they had the chance to witness how a major modern development operates and put their questions to the experts as they received an access-all-areas tour of the site.

Following the visit, one of the learners was offered a full-time role with Farrans.
