

# HEALTH & SOCIAL CARE SHOWCASE

# MAKE IT COVENTRY COLLEGE

**Whether you're interested in residential care, nursing or social work, our programmes offer a professional environment for you to complete your studies.**

Gain a range of perspectives on Health & Social Care and learn about various topics, including anatomy, physiology and psychology. You'll also gain an understanding of how to support and care for people with a broad range of physical and emotional needs.

# FACILITIES & TRAINING

- ▶ Our curriculum is creative and combines practical and theoretical teaching.
- ▶ We have a large range of resources including; interactive dolls, first aid dummies, medical manikins and a selection of creative resources.
- ▶ We have created a mock environment with the focus on providing care and looking at how medicine is administered.

**As well as learning the theory you get to do practical work, which is really good preparation for a career in Health & Social Care.**

# WHAT TO EXPECT

## AREAS OF CURRICULUM:

- ▶ Health & Social Care
- ▶ Mental Health
- ▶ Nutrition
- ▶ Safe Handling of Medication

## OPPORTUNITIES:

As well as learning theory, our courses include practice work to ensure that you are well equipped for a real working environment.

**EXPERT  
STAFF**
