## WHAT IS AN APPRENTICESHIP?

**An apprenticeship is a real job with training,** which allows you to earn while you learn, whilst gaining a nationally recognised qualification. All apprenticeships include elements of on-the-job and off-the-job training.

## WHO CAN DO AN APPRENTICESHIP?

**Anyone over the age of 16, who isn't in full time education.**

There are three levels of apprenticeships - the level you study at will depend on your previous education and experience.

- ▶ **Intermediate Apprenticeship**  
Level 2 (equivalent to five GCSEs grade 9-4)
- ▶ **Advanced Apprenticeship**  
Level 3 (equivalent to two A-levels)
- ▶ **Higher Apprenticeship**  
Level 4/5 (equivalent to a Foundation Degree, HNC/HND or degree).

**With an apprenticeship, you study for a qualification at the same time as working, dividing your time between the workplace and college.**

**You'll earn while you learn and get paid for attending college and working towards a qualification.**

**What's more, you'll gain valuable work experience and learn from people who work in the sector.**

## HOW LONG DOES AN APPRENTICESHIP TAKE?

An apprenticeship can take between **one and five years** to complete, depending on the level, industry and skills you have already.

## WHY CHOOSE AN APPRENTICESHIP?

- ▶ **Earn a salary and get paid holidays**
- ▶ **Get hands-on, practical experience in the workplace**
- ▶ **Progress on to further study or within the workplace**
- ▶ **Gain a qualification at no cost to you**
- ▶ **Train in the skills employers want**
